Roca

Simple as Nature 简至自然

The Mediterranean is a source of life and inspiration. Hear the sound of the waves, feel the calmness of its waters, admire the solid strength with which rocks appear and follow them along the coastline and its luminous scenery.

Transforming nature's elements into the elements we design means leaving them as they are whenever possible.

This is Ona. The softness of its rounded corners reflects the smooth waves of the ocean, and the organic design of its ceramics touches your skin as lightly as a summer breeze.

Immerse yourself in the Mediterranean lifestyle inside your own bathroom. Meet Ona.

地中海是生命和灵感之源。在这里，人们可以观海听澜，感受海域的宁静之美，欣赏礁石的力量之美，沿着海岸线漫游，将其明媚亮丽的风光尽收眼底。

如何将大自然的元素转变为我们的设计元素呢？这就需要我们尽可能保留自然元素的原样。

这就是欧那系列。圆润柔和的棱角体现了海浪的流畅圆融，而有机设计的陶瓷如夏日微风一般，轻柔地触及您的皮肤。

在您自家的浴室里，即可沉浸于地中海生活情调之中。邂逅欧那系列。

Mediterranean Lifestyle

地中海生活方式

We observe the wind blow, overlook the sea, spend time with one another, and listen to ourselves. The Mediterranean way of life stands for simplicity, care and connection. So does the Ona collection, respecting natural materials. It radiates this sentiment to each home and context anew, propagating connection and making the essence of the Mediterranean palpable. The simplicity of the design plays a central role, perfectly evoking the organic authenticity of sea-facing culture.

我们听风吟，观沧海，彼此陪伴，倾听心声。地中海生活方式主张简约、关怀与联系。

这就是欧那系列——崇尚天然的原材料。该系列将这种情怀重新演绎，投射至每家每户和每个情境，传达人与自然的相互联系，使地中海情怀的精髓触手可及。简约设计发挥了重要作用，完美唤起“向海文化”固有的本真。

A Mediterranean lifestyle brings the outdoors into the home, meaning a relaxing retreat that connects the homeowner with nature. Featuring large windows and doors that access patios, terraces, or balconies, Mediterranean homes are designed to blend in with their natural surroundings and make you feel at ease.

地中海生活方式让户外走进室内，打造一个将屋主与自然联结起来的轻松港湾。地中海式家居以连通庭院、露台或阳台的大窗户和大门为主，与周围的自然环境浑然融为一体，给用户以轻松自在的感觉。

Sustainability. A Holistic Vision

We have a clear idea of what sustainability means. Our vision starts with the people that work with us, the society we design for, and the planet we all share. Together we implement strategies that allow for regeneration and resilience, today and for the world to come. We ensure that our activities align with the Sustainable Development Goals (SDG) defined by the United Nations.

我们十分清楚可持续性的内涵。我们的视野始于身边共事的人，然后延伸至我们的设计所服务的社会，再到人类共同赖以生存的地球家园。我们携手各方实施促进再生与复原的策略，行动在当下，着眼于未来。我们努力确保践行联合国制定的可持续发展目标。

We have a holistic vision of sustainability that manifests transversally in everything we do, from the materials we use to the production processes we implement. But most importantly, we design objects which will last. That's the best investment for a sustainable future.

可持续发展的整体性贯穿于我们的一举一动中，从我们使用的材料到具体的生产流程，无不体现这一点。但最重要的是，我们致力于设计经久耐用的物品。这才是打造可持续未来的最佳投资。

坚持可持续发展 整体化视角

Furthermore, ceramic is one of the most sustainable materials in the world. It produces zero waste materials in the production process; all ingredients are natural, without chemicals, resins or any toxic additives. Innovations like Fineceramic® reduce weight, which positively impacts firing and transport, reducing CO² emissions.

此外，陶瓷是当今世界上最佳可持续材料之一。陶瓷生产过程实现了“零废料”。所有原料均是纯天然的，不含化学品、树脂或其他有毒添加剂。Fineceramic®薄陶技术等创新工艺可以减轻产品重量，从而有利于烧制和运输，同时减少二氧化碳的排放量。

Design Process

设计过程

We design from Barcelona, with and from the Mediterranean character that defines us. The most important thing we have come to understand is that we’re never alone. Good work requires listening and collaboration, attention to detail, and impeccable knowledge of materials. This way, our unique vision is transmitted into existence with creativity and quality that stands out.

我们的设计灵感来自于巴塞罗那,在设计中融入和体现了我们标志性的地中海特色。我们渐渐明白一件最重要的事情:我们绝不是孤立存在的。好的作品离不开倾听与协作、细节把控以及无懈可击的材料知识。如此一来,我们的独到远见得以成为现实,带来脱颖而出的创意与品质。

The Roca Design Center team, based in Barcelona, develops and manages all processes in-house. Still, we value cross-disciplinary collaboration with external designers from different disciplines such as architecture, fashion and other strands of design. Therefore, exchange is actively cultivated throughout our brand culture, following holistic values that concretely manifest in our products.

“Ona collection proves that high functionality is not a contradiction to high-quality design, following a philosophy of simplicity without neglecting details that matter”

Bertrand Illert,
Noa Design Studio

It’s our collaborative approach that allows us to enter into a creative symbiosis with experienced designers such as Noa Design Studio and Benedito Design, giving shape to a collection characterized by innovation and beauty.

“The forms of memory, the reinterpretation of a classic based on essential criteria to achieve the elegance of a timeless archetype. The joint work of the designers with the Roca team in the development of the project has resulted in a proposal of harmonious proportions and optimized performance.”

Gae y Ramon Benedito,
Benedito Design

That’s Ona. What drove our design process for this specific collection was the mission to combine new technologies such as Fineceramic® or Stonex® and make them accessible to various spheres of private and public life. Ona answers to modern requirements of bathroom planning that stands the test of time.

Roca乐家设计中心团队位于巴塞罗那,负责开发和管理全套内部流程。但我们注重与外部设计师的跨领域合作,如建筑、时尚和其他设计领域。因此,我们的品牌文化积极树立交流意识,秉持我们的产品切实体现的整体价值观。

“欧那系列证明,高功能性与高品质设计并不矛盾,既遵循了简约理念,又没有忽视重要细节”

Bertrand Illert,
Noa设计工作室

正是因为我们的协作理念,Roca乐家与Noa设计工作室、Benedito设计工作室等资深设计师团队建立起创意共生的关系,携手打造出以“创新”与“美学”为标志的产品系列。

“复刻回忆、遵循基本准则还原经典,诞生了一个雅致又永恒的艺术品。在项目开展过程中,我们的设计师与Roca乐家团队联手协作,打造出一套比例和谐、性能优异的设计方案”

Gae y Ramon Benedito,
Benedito设计工作室

这就是欧那系列。在该系列背后,设计过程的源动力来自于我们的使命——有机结合Fineceramic®薄陶技术或Stonex®柔雅石等创新技术,被使用于私人 and 公共空间空间。欧那系列满足了现代化卫浴使命——经得起时间考验。

Ona Collection.
Simple as Nature

欧那系列
简 至自然

Ona pays homage to the diverse shapes of nature from our native Mediterranean. It is functional without ever appearing cold, with crisp aesthetics that follow the inherent warmth of the natural environment, made for those who enjoy the power of silent landscapes.

欧那系列旨在致敬地中海的多样性。该系列注重实用性，但绝不显得冷漠，而是具有一种清新的美感，带有自然界的温度，适合享受大自然中寂静力量的用户。

The Ona collection design perfectly combines sophisticated proportions and archetypical shapes without losing a balancing human touch. Crafted with the future in mind, Ona embodies a philosophy of simplicity without neglecting the details that matter.

欧那系列的设计完美融合了复杂比例与典型形状，又不失人性化，形成了微妙的平衡。该系列面向未来，匠心独具，既体现了简约理念，又没有忽视重要细节。

In-Wash® Ona

欧那一体式智能座厕

Functionality and comfort are paramount for the design concept and the physical shape of each product that is part of embodies Ona. Technological solutions are applied to make life easier without losing touch with the our natural world we are part of. Rounded corners and fluid transitions reference the sea and the organic matter around it. At the same time, heightened greater importance is given to creating functional objects that go beyond the satisfaction of our everyday needs.

功能性和舒适性对于设计理念和产品的形状至关重要，这都代表着欧那系列。技术解决方案使生活更轻松，同时又不会失去与我们所生活自然世界的联系。圆角和流线形设计参考了海洋及其周围的有机物。同时，创造超越满足日常需求的功能型产品，也至关重要。

Features. Pure Elements

特点 纯粹元素

The maximum amount of research has gone into identifying and developing the essential characteristics of the collection, giving a luxurious feeling to simplicity, organic shapes and innovative materials. Rather than showing off, the priority is to feel well within well-designed surroundings where hygiene, performance and comfort are of primary concern.

为确定和开发该系列的基本特征,我们进行了大量的研究工作,在简约风格、天然形状与新型材料的基础上,赋予该系列一种奢华感。该系列摒弃张扬,着重令人舒适的精致设计中,以卫生、性能和舒适作为首要考量。

卫浴空间是一个灵感之源、庇护之所,可与自我进行亲密邂逅,也可供人沉思片刻、振作精神。欧那系列奉上一切恰到好处的功能设计,助您享受优质时光和寻求心灵慰藉。

The bathroom space is a place of inspiration and refuge, an intimate encounter with the self, a refreshing moment of reflection. The Ona collection offers all the right features to allow your time to be spent well and your mind in peace.

Versatility is key. Slim basins feature a more subtle yet durable design with faucets that are quite something: a cylindrical and slender body and a flat rectangular handle, in perfect harmony with the shape of the spout. In addition, the hidden fixations of the WC allow for a clean and minimal look at any moment. The gentle white colour, can be complemented with furniture and accessories in Mediterranean trend colours.

百搭是关键所在。纤薄的洗脸盆展现精致又耐用的产品设计，搭配与众不同的龙头——主体呈纤细的圆柱形，而手柄呈扁平的矩形，与出水嘴的相得益彰。此外，座厕的隐藏式安装方式可使座厕随时保持洁净、外观简约。柔和的亮光白完美搭配地中海风格流行配色的家具和配件。

Design 设计

To feel comfortable starts with considering your needs. Ona cares for yours through a series of notable features such as a comfortable WC height and a soft-close seat and WC cover with a practical button for a quick release, and faucets in varying sizes. In addition, asymmetric basins and corner baths provide wide shelves, while our furniture drawers with soft-close features and complete extraction conveniently store your belongings.

舒适始于为您的需求着想。欧那系列关心您的需要，为此，我们设计了各种显著的功能特色，比如令人舒适的座厕高度、缓降座圈和座厕盖板，辅以实用的易装易用按钮与各种尺寸的龙头。另外，一体式洗脸盆和浴缸带有宽敞的置物架，而家具抽屉具有缓降功能，采用全拉出式设计，方便您收纳物品。

Comfort 舒适

Hygiene 洁净

Details that change everything inside your bathroom: Rimless and touchless. Rimless toilets are free of angles or nooks. The Roca In-Wash® Smart Toilets are a true wonder. With advanced features like extraordinary flush performance and low-water pressure management, along with highly efficient UV-powered cleansing technology, crafted for an excellent bathroom experience.

细节设计让您的浴室焕然一新：无圈孔和零触解决方案。无圈孔座厕摆脱了易藏污纳垢的棱角。欧那一体式智能马桶带来奇迹般的卫浴体验。升级的智能科技，非凡的冲洗性能和低水压冲刷，以及高效的喷嘴紫外线杀菌技术，提供舒适的如厕享受。

Sustainability 可持续性

To take care of the environment is not about what we do but about who we are. We use technology and design to save water, such as a reduced flush and faucets that feature the Cold Start system and 1st Water Efficiency. But water isn't the only thing we consider. Our Fineceramic® technology produces lighter basins which minimise the impact of transport and the production process to limit our carbon footprint. Everything matters.

爱护环境，从行动做起。我们利用技术和设计来节约用水，比如节水设计的双冲水、冷启动龙头和一级水效能效等。但是，节水并非我们的唯一考量。我们的薄陶技术诞生了更加轻盈的薄陶洗脸盆，最大程度减轻对运输和生产过程的影响，从而减少我们的碳足迹。事无巨细，都很重要。

A cylindrical and particularly slim body with a flat rectangular handle is the essence of style. The specific angle of the aerator guarantees an optimum water flow towards the front area of the basin and the soft movement design gives comfort to everyday handling. This is clearly where technology and design meet without compromise.

龙头主体纤巧呈圆柱形，手柄扁平呈方形，这是欧那系列龙头的设计精髓。特定角度的内部原件设计可保证水流轻松流向洗脸盆前部区域，柔和的把手设计为日常使用提供舒适感。显然，这是技术与设计巧妙结合的典范。
