

L70-E

Electronic one water basin faucet. Mains operated at 220V

TECHNICAL DRAWINGS

FEATURES

- Application place: Basin
- Faucet type: Electronic technology
- Finish: Chrome
- Flow rate (l/min - 3 bar): 3.4
- Installation type: Deck-mounted
- Operating voltage (V): 220
- Power supply: Mains operated
- Water and energy saving

L70-E

Robust, modern and versatile, the L70-E electronic faucet, powered by batteries or mains operated, provides additional hygiene and safety in the bathroom space thanks to the infrared sensor integrated in the base that allows its touchless use, preventing the transmission of viruses and bacteria. Available in one water and premixed versions, L70-E features a larger body, ideal in those facilities that require more comfort space under the aerator.
